Efficient patient registration is the foundation of a productive practice and a positive patient experience

Greenway Patient Registration streamlines the intake process with advanced tools to simplify data entry, improve information accuracy, and accelerate workflows. From reducing errors to eliminating redundant forms, this solution ensures patients spend less time filling out paperwork and more time receiving care.

CAPABILITIES:

- **Faster registration with pre-appointment digital forms**
- **On-the-go patient convenience with mobile-friendly interfaces**
- **Prevent delays with secure and accurate insurance uploads**
- **Real-time updates integrated within your EHR**

Uncomplicate your intake process with Greenway Patient Registration—save time, improve accuracy, and create a smoother experience for your patients.
